

Payroll Debit Card Overview

You provide your small business clients with payroll services. Now give them the ability to pay their employees automatically by issuing payroll cards, saving time and money over traditional paycheck issuance.

Payroll cards may be used in conjunction with an existing paper-check payroll system or direct deposit program. There is substantial money savings over a traditional paper check model, because there are **no fees to the employer.**

Benefits to your firm:

- You provide your clients access to the card program
- Load funds when you calculate payroll
- Improved client retention
- New revenue opportunities

Employer benefits:

- Simplified bookkeeping
- No lost or stolen checks
- Fewer check-writing costs
- Substantial money savings

Employee benefits:

- No waiting - funds are available to make purchases on payday
- No need to find a bank or ATM to deposit paychecks
- No need to take time from work to pickup and deposit paychecks
- No bank account required -*underbanked employees pay up to 28% in fees to cash paychecks!*
